Important Safety Information

Product Safety and RF Exposure Compliance

⚠ CAUTION: Before using this product, read the operating instructions for safe usage contained in the Product Safety and RF Exposure booklet enclosed with your radio.

ATTENTION!

This radio is restricted to Occupational use only. Before using the radio, read the RF Energy Exposure and Product Safety Guide for Portable Two-Way Radios which contains important operating instructions for safe usage and RF energy awareness and control for Compliance with applicable standards and Regulations.

Computer Software Copyrights

The Motorola Solutions products described in this manual may include copyrighted Motorola Solutions computer programs stored in semiconductor memories or other media. Laws in the United States and other countries preserve for Motorola Solutions certain exclusive rights for copyrighted computer programs including, but not limited to, the exclusive right to copy or reproduce in any form the copyrighted computer program.

Accordingly, any copyrighted Motorola Solutions computer programs contained in the Motorola Solutions products described in this manual may not be copied, reproduced, modified, reverse-engineered, or distributed in any manner without the express written permission of Motorola Solutions. Furthermore, the purchase of Motorola Solutions products shall not be deemed to grant either directly or by implication, estoppel, or otherwise, any license under the copyrights, patents or

patent applications of Motorola Solutions, except for the normal non-exclusive license to use that arises by operation of law in the sale of a product.

16. Antenna

Attaching the Battery

NOTE:

For optimal performance, charge a new battery 14 to 16 hours before initial use.

1. Align the battery contacts with the contacts inside the battery compartment. Push the battery into place.
2. Align battery cover in place and slide the battery latch until it locks.

Attaching the Antenna

1. Turn off the radio.

¹ These touch screen buttons become visible when the radio is unlocked.

- Set the antenna in the receptacle and turn clockwise.

Turning the Radio On and Off

Long press the **On/Off** button.

Adjusting the Volume

Press the **Volume Up** or **Volume Down** button.

LED Indicators

Solid Red

Radio is charging.

Blinking Red

Radio has failed the self-test upon powering up, has Mute mode enabled, has moved out of range if Auto-Range Transponder System is configured, is receiving an emergency transmission, is transmitting in low battery state, or is encountering charging errors.

Solid Green

Radio is powering up, transmitting, or sending a Call Alert or an emergency transmission.

Blinking Green

Radio is receiving a call or data, turned on and idles, or detecting activity over the air.

Double Blinking Green

Radio is receiving a privacy-enabled call or data.

Solid Yellow

Radio is monitoring a conventional channel.

Blinking Yellow

Radio is scanning for activity, has Flexible Receive List enabled, has yet to respond to a Call Alert, or all Capacity Plus-Multi-Site channels are busy.

Double Blinking Yellow

Radio has Auto Roaming enabled, has yet to respond to a Group Call Alert, is actively searching for a new site, is not connected to the repeater while in Capacity Plus, is locked, or all Capacity Plus channels are busy.

Display Icons

The following icons appear on the status bar at the top of the radio display. The icons are arranged left most in order of appearance or usage, and are channel-specific.

	Emergency
	Scan
	High Volume Data
	Mute Mode
	Tones Disabled
	Ring Only
	Notification
	Secure
	Unsecure

Site Roaming
