

Products and Systems Technical Training

Join our classes to expand your knowledge of Motorola Solutions technology.

Live-training schedule

Click on any of the links below to find the upcoming training sessions to be delivered by Motorola Solutions Technical Instructors, either remotely or in a conventional classroom.

Thanks to the distance learning technologies we use and our remote labs, learners experience the benefits of instructor-led sessions, regardless of the training modality you choose. Participants and instructors have the opportunity to interact, collaborate in real time and enjoy live discussions, demonstrations and activities in all our classes.

Training centers across the country

Our training centers are located in Illinois, Florida, Arizona and South Carolina; the class location is identified as follows:

Learn more about each class and book a seat using the link to the Learning eXperience Portal sign-up page provided.

Motorola Solutions, North America Region: Open registration training sessions.
