This radio is restricted to Occupational use only. Before using the radio, read the RF Energy Exposure and Product Safety Guide for Mobile Two-Way Radios which contains important operating instructions for safe usage and RF energy awareness and control for Compliance with applicable standards and Regulations.

**Radio Controls**

- **Volume Knob**
- **Mode Knob**
- **Dim Button**
- **Orange Button**
- **Power On/Off Button**
- **Indicators**
- **Menu Entries**
- **Menu Select Button**
- **Navigation Button**
- **Accessory Port (Microphone)**

**Radio On/Off**
Press the Power On/Off button to toggle the power on or off.*

*The duration that user must press and hold the Power On/Off button to turn off the radio is programmable by a qualified radio technician.

**Adjusting Volume**
Turn the Volume Knob clockwise to increase volume or counterclockwise to decrease the volume.

**Selecting a Zone**

1.  or  button to ZONE.
2.  or  button until the desired zone is displayed.
3. Press  or the PTT button to confirm the selected zone number.
4. Press the PTT button to transmit on the displayed zone channel.

**Sending an Emergency Alarm**

1. Press the Emergency button. A tone sounds and the display alternates EMERGENCY and the home display.
2. A dispatcher acknowledgment ACK RECEIVED display follows.
   AND, Trunking Only: A high-pitched tone indicates that the alarm has been received by the trunked system’s central controller.
3. Press and hold the emergency button or the PTT button to return to normal operation.

To exit emergency at any time, press and hold the Emergency button.
Sending an Emergency Call (Trunking Only)

1. Press Emergency button.
2. A tone sounds and the display alternates EMERGENCY and the home display.
   OR
   A talk prohibited tone sounds when the selected channel does not support emergency.
3. Press and hold the PTT button. Speak clearly into the microphone.
4. Release the PTT to end the transmission.

To exit emergency at any time, press and hold the Emergency button.

Sending a Silent Emergency Alarm

1. Press the preprogrammed Emergency button to activate the silent alarm feature.
2. The display does not change; the LED does not light up, and there is no tone.

If silent emergency alarm is used with emergency call, pressing the PTT button exits the silent mode and initiates the emergency call.

Display Status Icons

- Receiving a call or data.
- Transmitting a call or data.
- The more stripes, the stronger the signal strength for the current site (trunking only).
