Battery Capacity Information

Information	Description
	Full (80% – 100% capacity)
	Middle (60% – 80% capacity)
	Low (25% – 60% capacity)
	Very low (5% – 25% capacity)
	Less than 5% capacity

Removing the Battery Cover
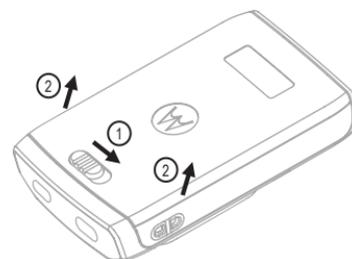

1. Slide the **Lock** key to the left to unlock the battery cover.
2. Lift up the battery cover.

Attaching the Battery Cover
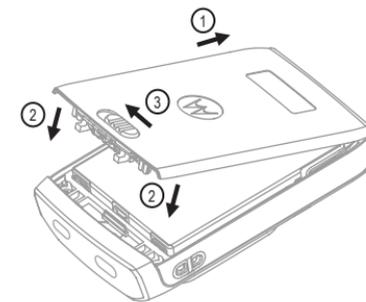

1. Insert the bottom part of the battery cover into the slot.
2. Press down the top part of the battery cover.
3. Slide the **Lock** key to the right to lock the battery cover.

Installing the Battery
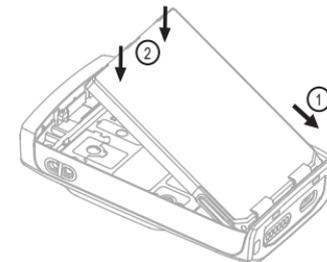

1. Insert the bottom part of the battery into the compartment.
2. Press down the top part of the battery into the compartment until it clicks.

Looking After the Pager

Never leave the pager or battery in extreme temperatures (over +85 °C), for example, behind a windscreen in direct sunlight.
The pager is **not** submersible (compliant with the IP54 standard, only when the battery cover is attached).
To clean the pager, use a moistened or antistatic cloth.

Using the Terminal

www.motorolasolutions.com

Turning the Pager On/Off

To turn the pager on/off, press and hold the **Power** button.

Changing to Sleep or Wake Mode

To change the pager to sleep/wake mode, press the **Power** button.
When the pager is in sleep mode, the display is turned off and the keypad is locked.

Using the Pager Menu

To enter the menu, press the **Menu** key.
To scroll through the menu, press the **Up** or **Down Navigation** key.
To select a menu item, press **Select** or the **Left** soft key.
To return to the previous level, press **Back** or the **Right** soft key.
To exit the menu, press and hold the **Menu** key.

Adjusting the Volume in Idle Mode

When the Pager displays the idle screen, press the **Up** or **Down Navigation** key to adjust the volume.

Using the Programmable Buttons

The **Up** and **Down Navigation** keys also function as programmable buttons.
When the Pager displays the idle screen, press and hold the **Up** or **Down Navigation** key to apply the function of the programmable button (if configured).

Selecting Trunked/Direct Mode Operation

From the Home Screen, enter the **Menu**. Scroll to and select **Networks → Trunked Mode** or **Direct Mode**.

Receiving Call Out Messages

To accept, press the **Left** soft key.
To reject, press the **Right** soft key.
To temporarily mute the Call Out alert indication, press the **Mute** button.
To see more options, press the **Menu** key.
